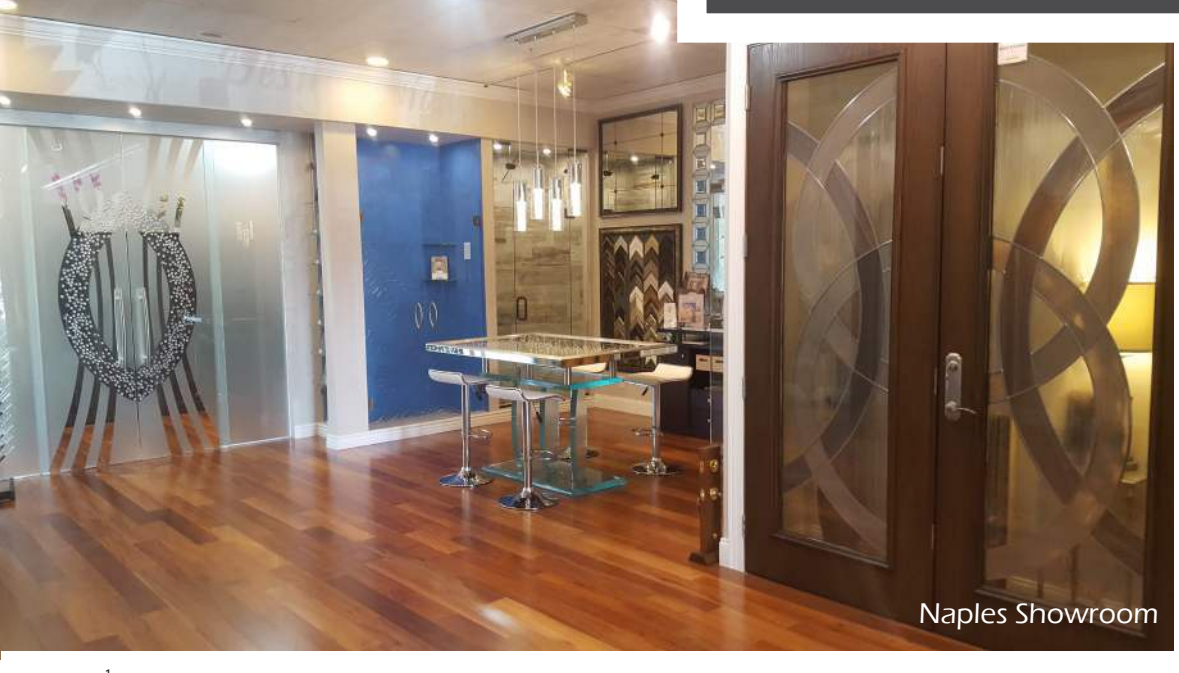
Introducing Glass Design



Naples Showroom

Since 1996, we have been serving SWFL with the largest selection of decorative glass and doors in the area. We are family owned and operated and take exceptional care to provide outstanding quality and personalized service. We work closely with our clients to provide them with a unique product that fits their style & budget. We welcome you to visit one of our showrooms to view our selections in person or please visit our website for our online galleries. We are here to help you create the project of your dreams!

Entry Door Glass

Standard Designs

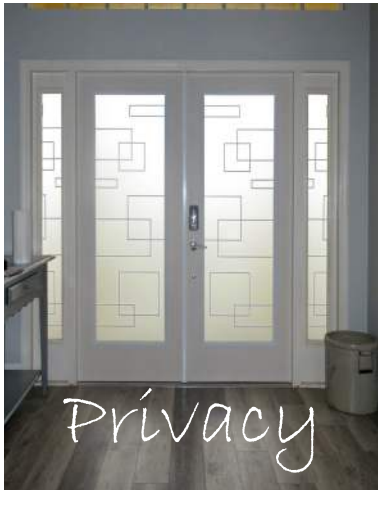
Entry doors are the perfect place for decorative glass. Add curb appeal to the outside of a home while creating a work of art on the inside. Choose from hundreds of standard options as well as unlimited custom options to meet your design and privacy needs.

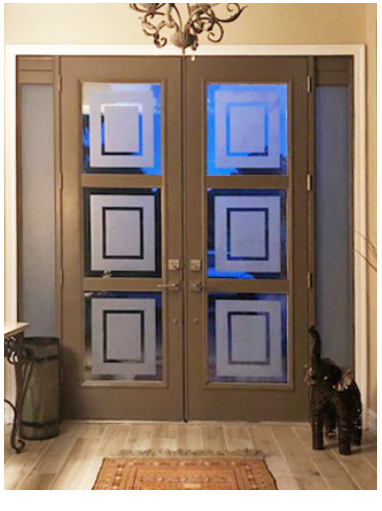
Our glass can be added to an existing door right on-site or we can provide an entirely new door system. Our team is here to help find the perfect solution for any home!

Entry Door Glass

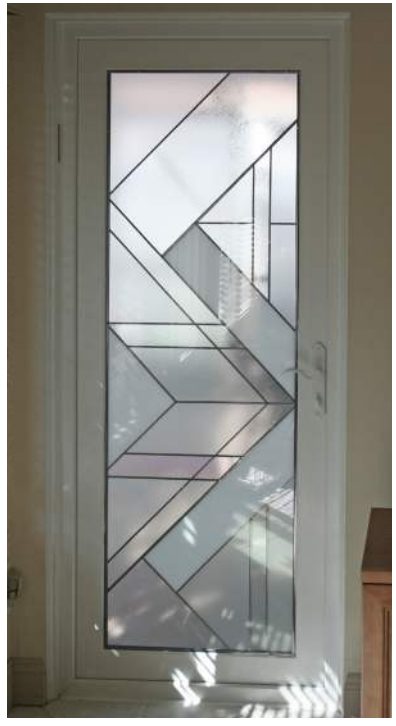
Custom Designs

Make your home unique with custom designed entry door glass. Choose from any of our existing designs or bring us a completely new design ... if you can imagine it, we can create it! We offer many types of custom decorative glass, such as etched glass, leaded & beveled glass, wrought iron designs, Iron Impressions, fused bubbles and more! Our team is here to lead you through the selections process and will help you choose the best materials and design for your application. A rendering will be provided before production to help you visualize the finished product. A unique combination of design, colors, and textures will transform your entryway into a masterpiece your neighbors will envy!

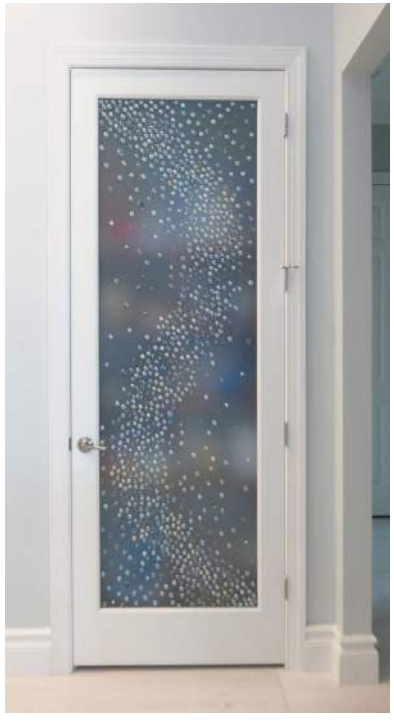




Patio Doors

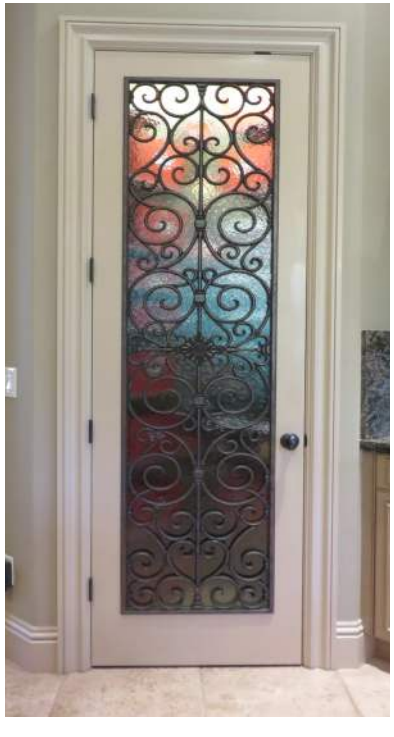


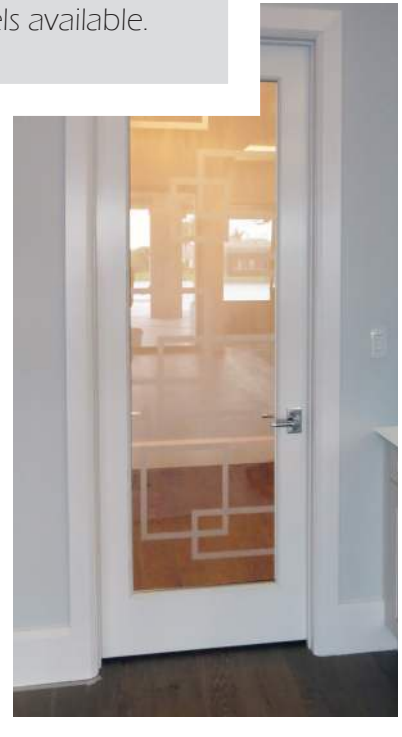
Express yourself and turn your patio door into a conversation piece. We can create any of our designs with the privacy you desire.



Interior Doors

Add beauty and light to your den, kitchen or bedroom doors. Unlimited designs, sizes, and privacy levels available.



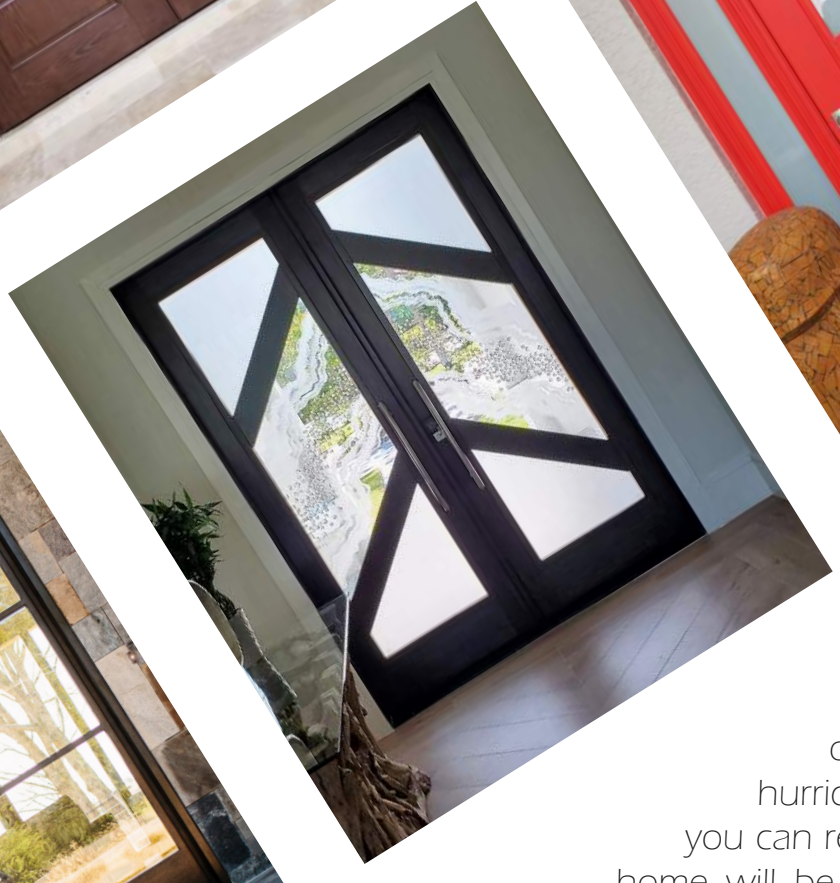


Door Systems

The ideal door combined with the perfect glass selection can make an exquisite work of art that can be enjoyed from the exterior and interior of a home.

Glass Design takes great pride in offering the top brands in our industry.

plastpro · THERMA-TRU DOORS · MASONITE Open to extraordinary. · Eastern Architectural Systems Aluminum and Vinyl Impact Windows and Doors · PGT Custom Windows + Doors · JW JELD-WEN Windows & Doors · CGI · Signature Door Inc. · SCHLAGE · EMTEK ASSA ABLOY · Kwikset · Endura Performance Standard · BALDWIN

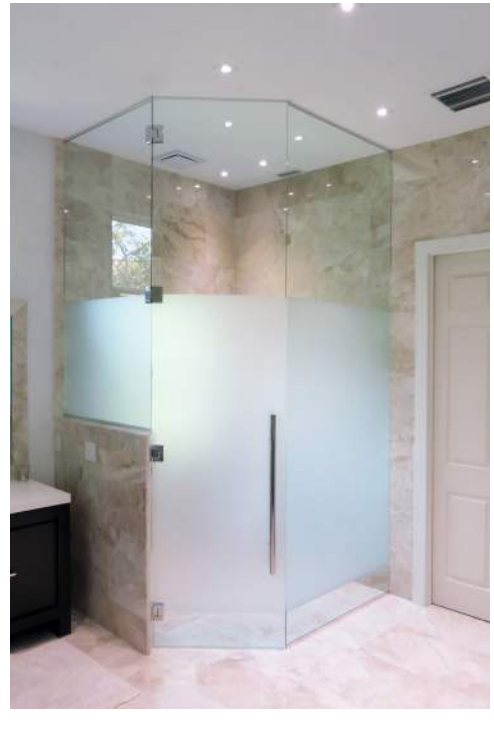


With almost all of our door and glass options available with hurricane impact ratings, you can rest assured that your home will be protected. Choose from materials such as fiberglass, wood, iron, steel, and aluminum door options. Glass Design is here to assist in designing the most remarkable door system to meet your style and budget.

Frameless Shower Enclosures

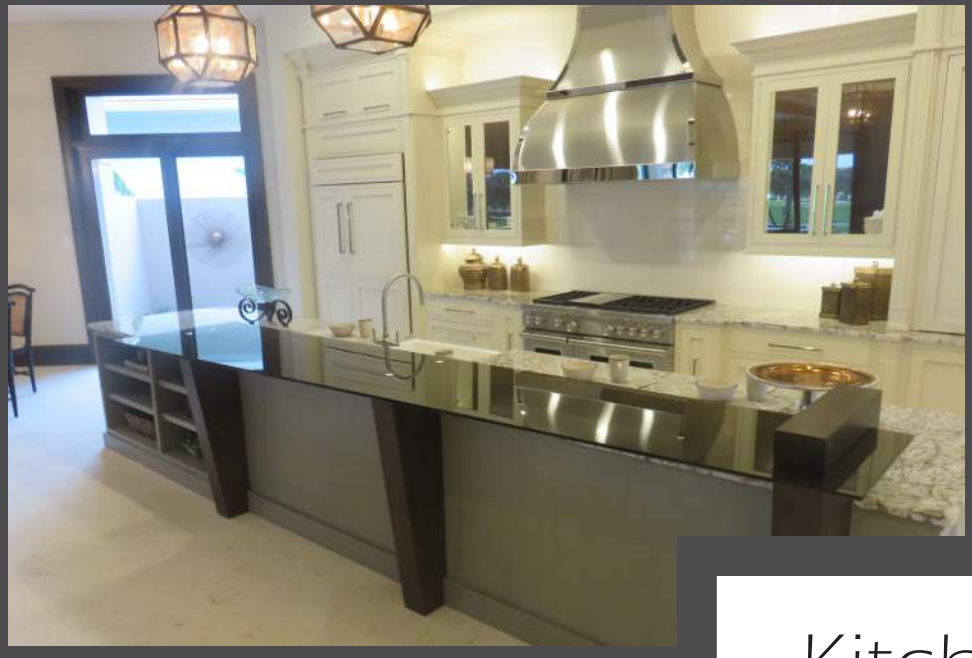
Why choose Glass Design for your frameless shower enclosure?

Not only do we have the largest selection of clear and decorative shower enclosure options, our outstanding customer service and detailed installation team sets us apart. Whether we are doing a standard shower enclosure or a completely custom design, we provide a professional drawing to make sure that we fully meet our customer's expectations.

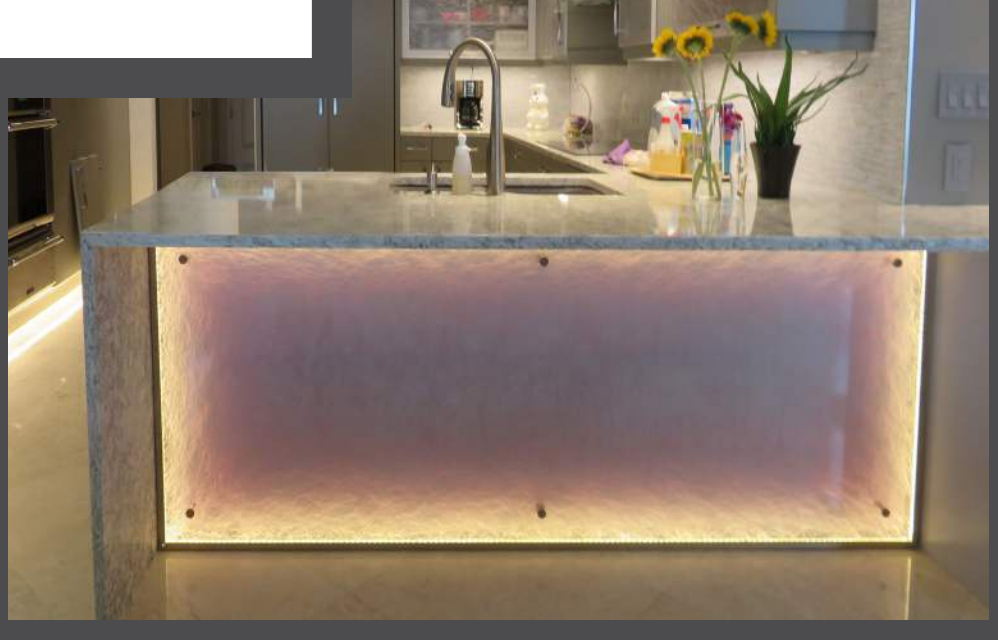


Glass is one of the biggest trends found in modern kitchens. It is sleek, easy to clean, and fully customizable. Painted glass and printed designs on glass are an extremely elegant choice for backsplashes. The reflection from the shiny surface also enhances light and space. Heavy cast glass makes an awesome option for bar tops. The combination of color, texture, and shape can create a unique and luxurious feel to any kitchen. LED edge lighting can also be combined with our glass for backsplashes and bar tops to add sparkle and light!

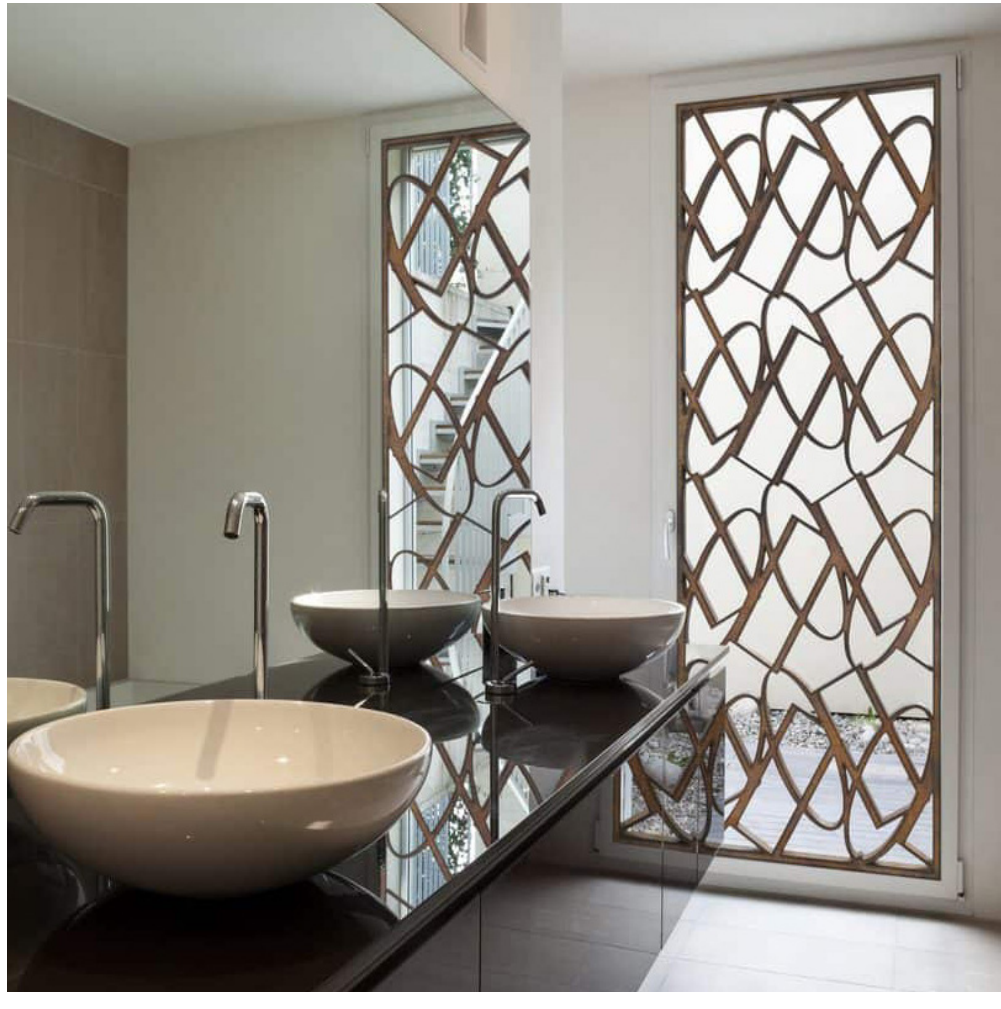
UNIQUE & LUXURIOUS



Kitchens

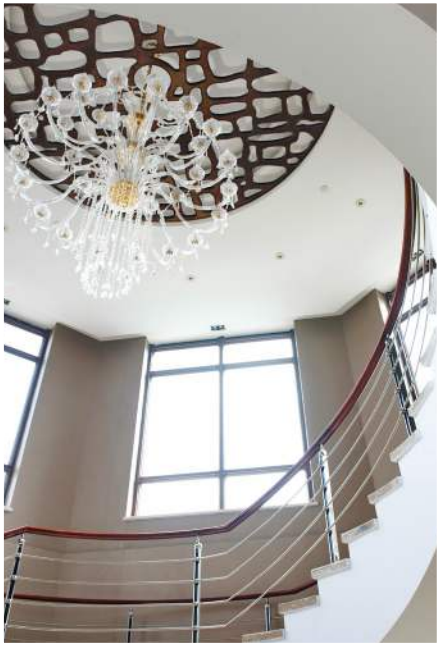


Windows

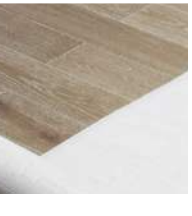


A WORK OF ART

Turn your windows into a focal point that can be enjoyed from both inside and outside. Design, materials, and processes can be combined to achieve the desired privacy level, offering much more versatility than blinds or shutters. Why not achieve light and privacy at the same time? Our decorative windows can be installed behind existing windows or the entire window system can be replaced as well.



Enhance *Your* Space

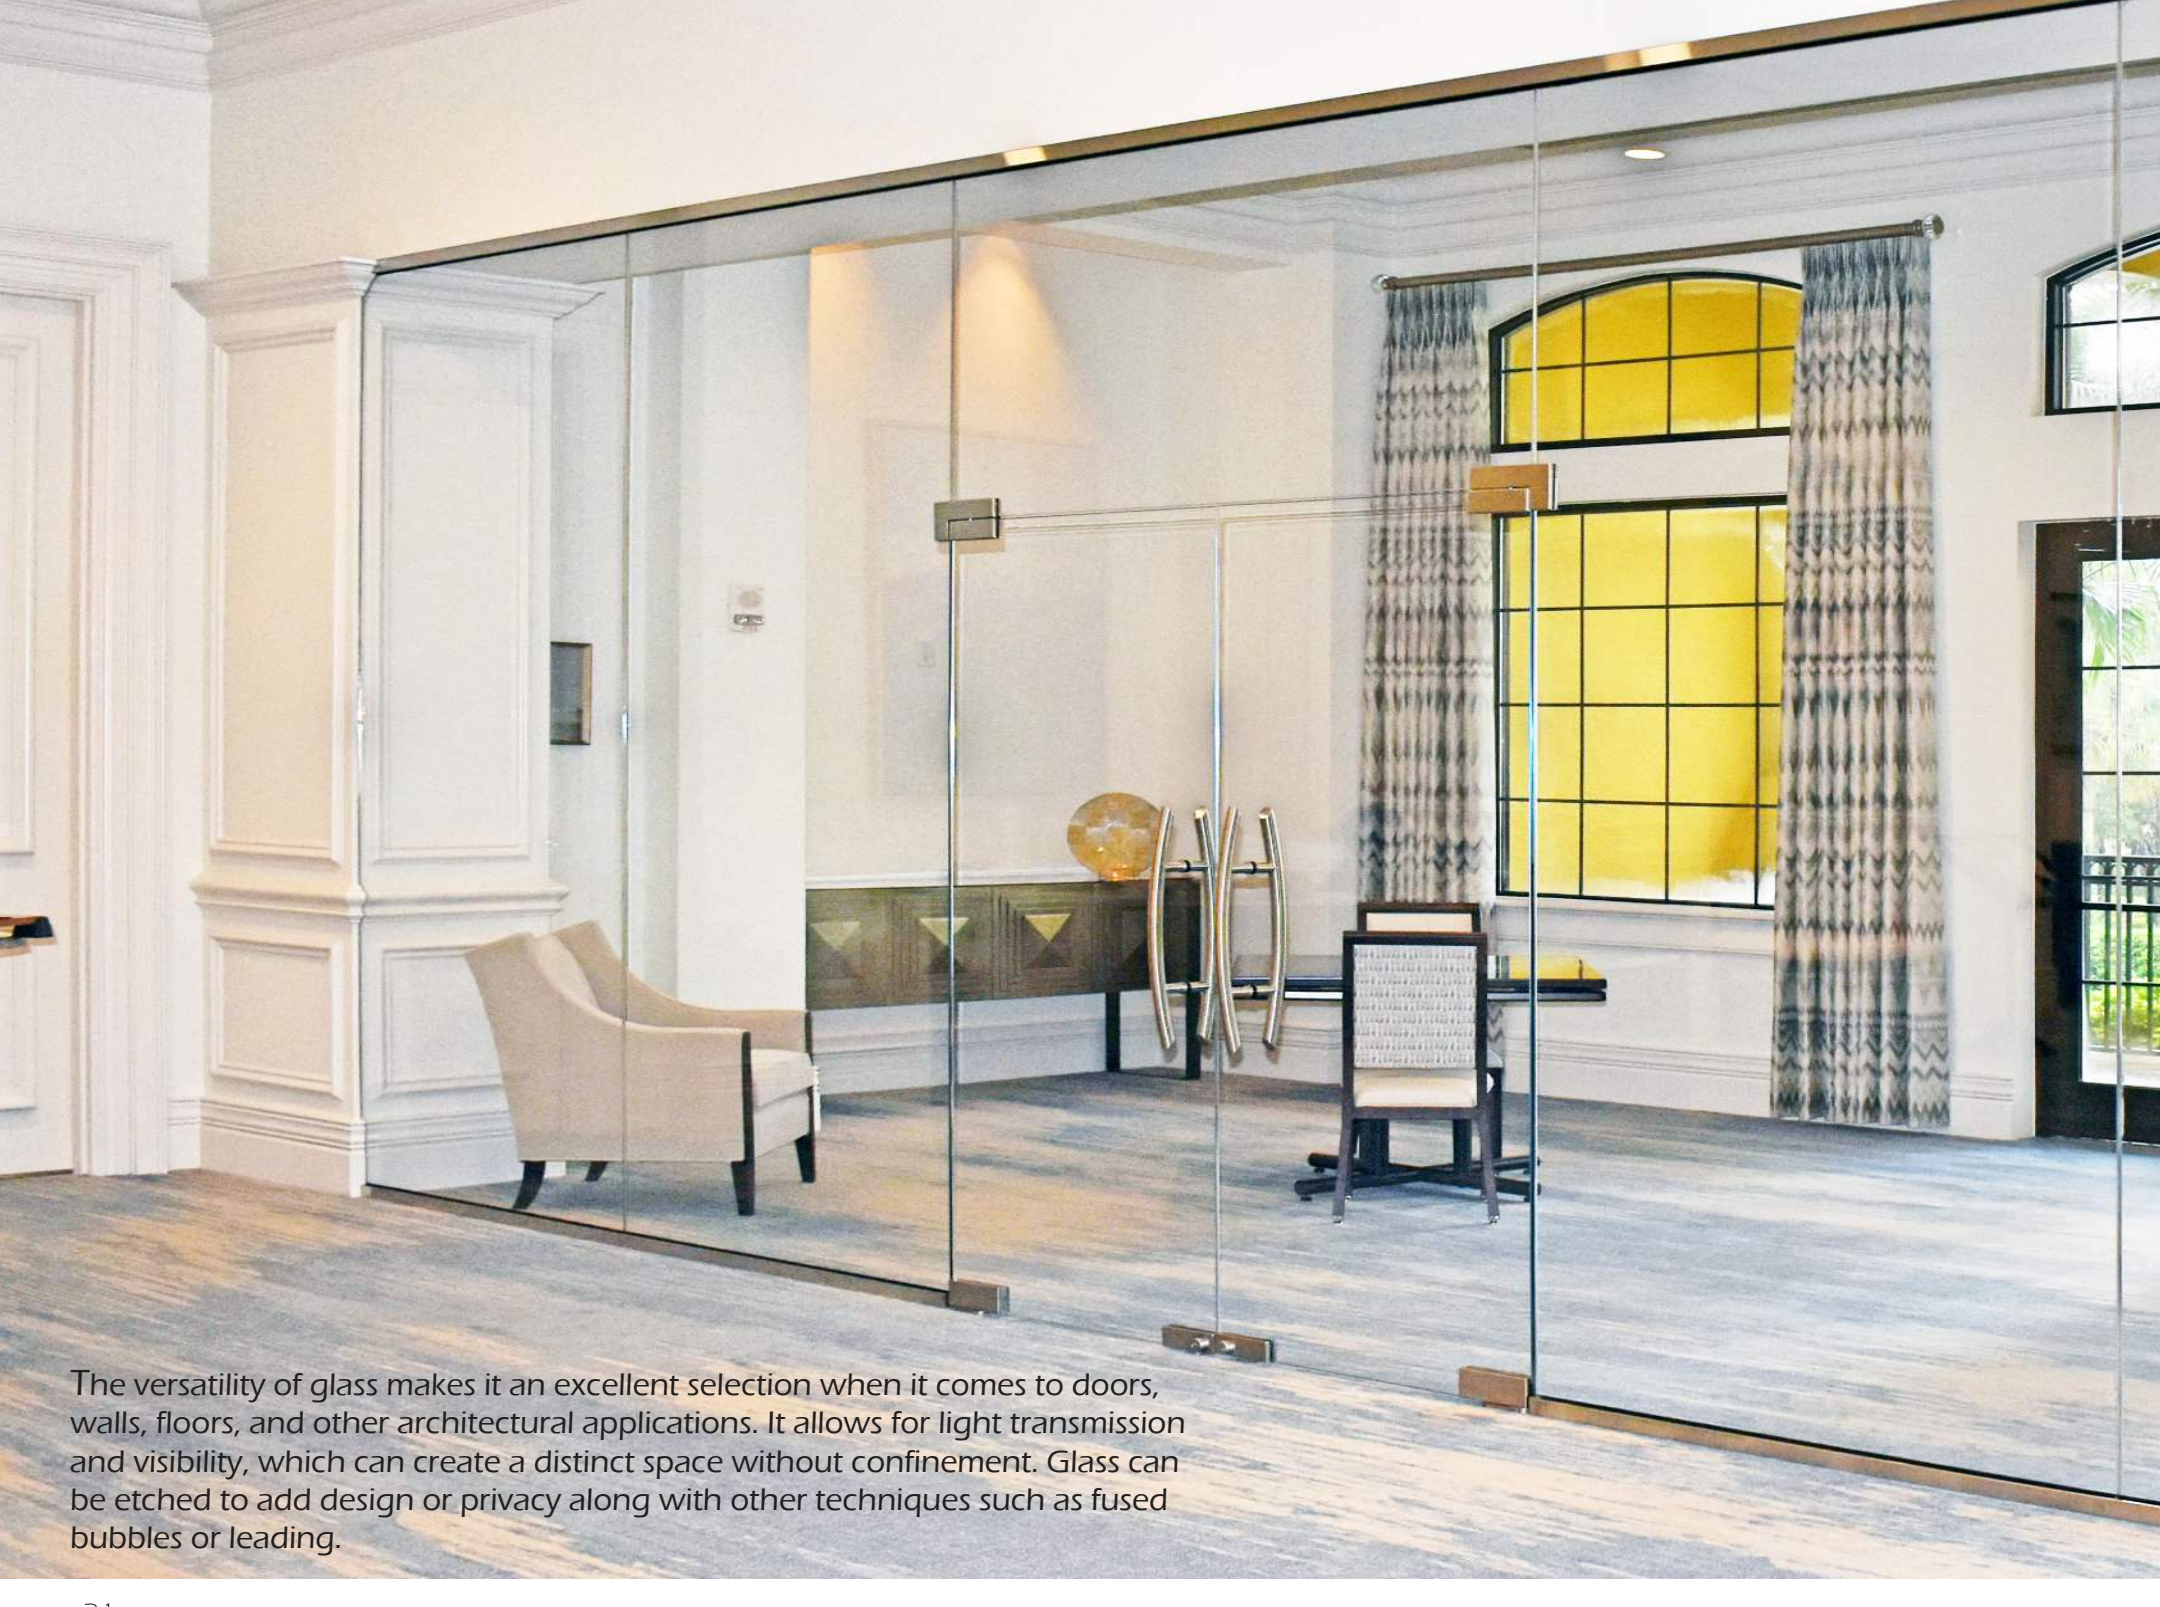


Walls, Ceilings & Dividers

Designer mirrors can add elegance to just about any space. From simple lead lines to fused glass bubbles, the design possibilities are endless. We custom fabricate our designer mirrors to fit the exact space, style, and budget desired. Most of our designer mirrors can also be paired with LED backlighting to create an even more dramatic look, while also providing additional lighting to the space. Choose from warm white, natural white, cool white, or color changing LED's, that can be dimmed and controlled from a remote or even your cell phone.

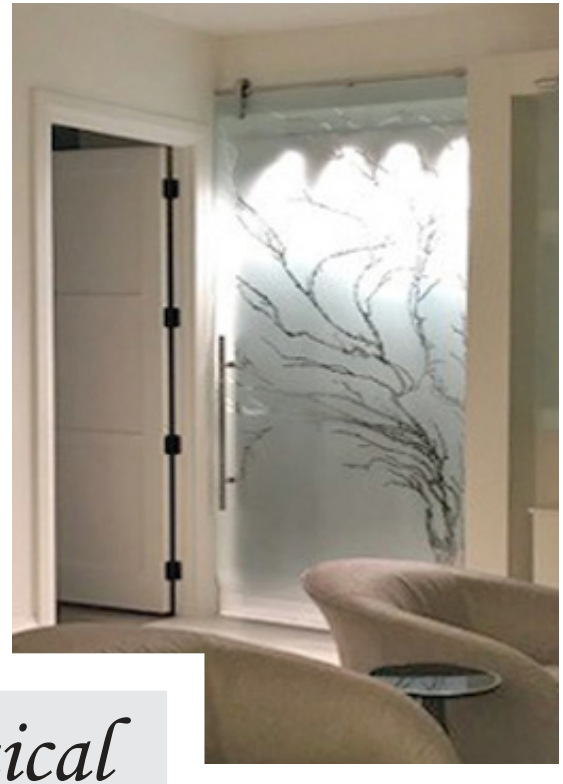
Sophisticated

Designer Mirrors

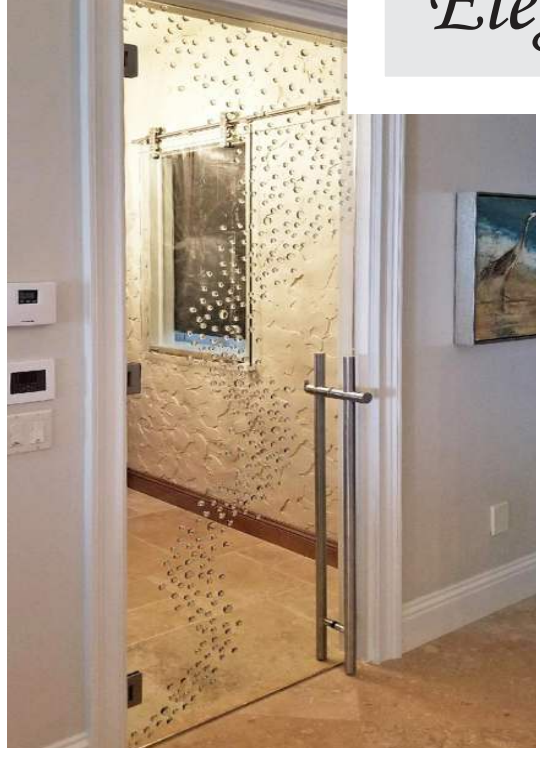


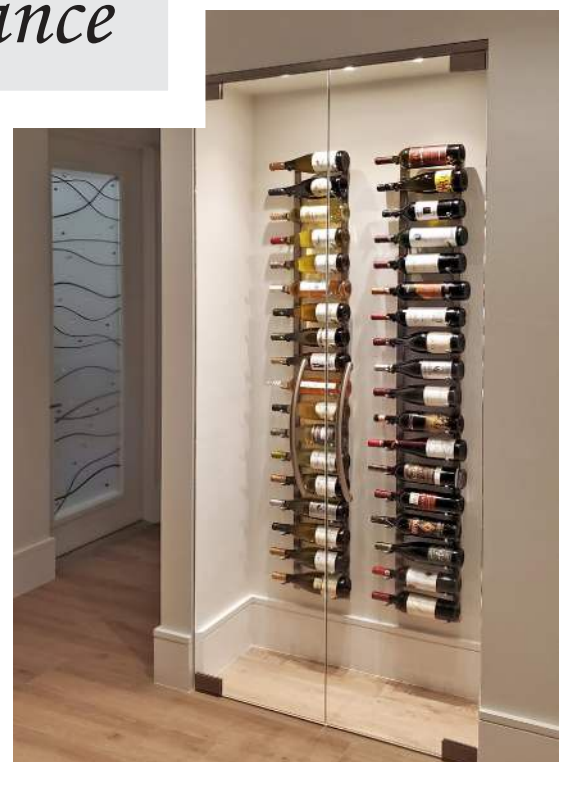
The versatility of glass makes it an excellent selection when it comes to doors, walls, floors, and other architectural applications. It allows for light transmission and visibility, which can create a distinct space without confinement. Glass can be etched to add design or privacy along with other techniques such as fused bubbles or leading.

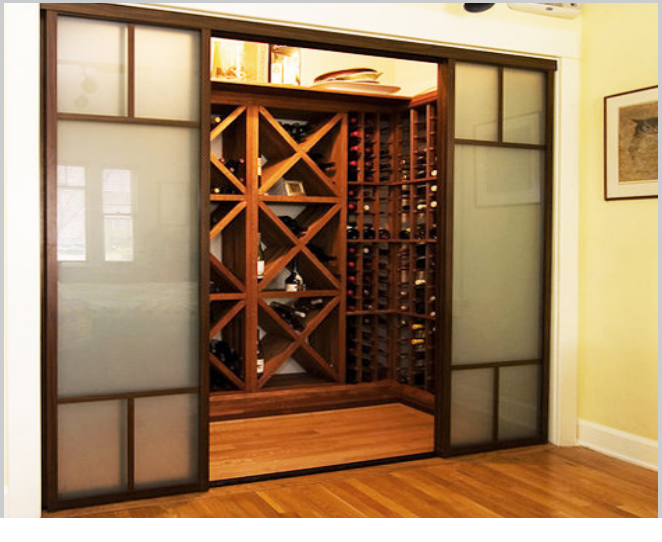
Architectural Glass



Practical Elegance

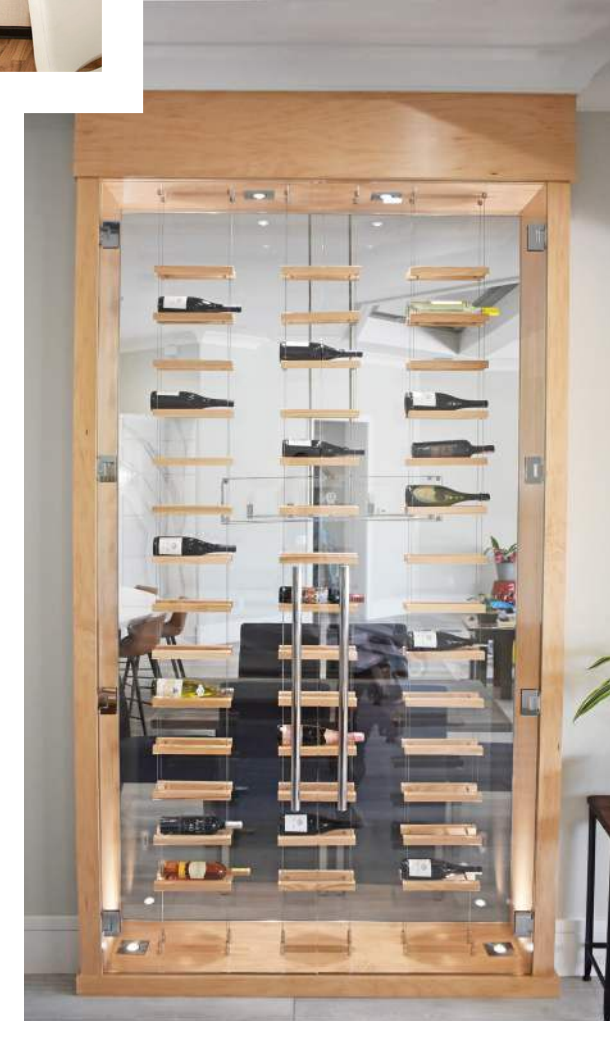






Architectural Glass

Frameless heavy glass doors and aluminum framed sliding door systems are perfect solutions for a wine cellar door, closet door, or enclosing a home office. The glass type selected can control the amount of privacy desired.



Commercial

Beautiful. Creative. Functional.

CONFERENCE ROOMS

All-glass conference room walls & doors are the perfect solution, allowing for light transmission, sound containment, and customizable privacy. Custom logo conference table tops are also available.

Partitions & Dividers

Company Signs

Make an outstanding first impression with an elegant glass sign. Your logo can be carved into the glass and LED edge-lit, or we can print your logo right onto the glass. Great to hang on the wall or use for a divider or partition.
